Handale Primary School Accessibility Plan 2023-2026

Introduction

The Equality Act 2010 replaced previous discrimination law and provides a single piece of legislation covering all the types of discrimination that are unlawful.

Schools have to carry out accessibility planning for disabled pupils.

Our school's accessibility plans are aimed at:

- Increasing the extent to which disabled pupils can participate in the curriculum
- Improving the physical environment of schools to enable disabled pupils to take better advantage of education, benefits, facilities and services provided, and
- Improving the availability of accessible information to disabled pupils

Attached is a set of action plans showing how the school will address the priorities identified in the plan. We recognise the need to provide adequate resources for implementing the action plans and will review them annually.

Definition of Disability:

Disability is defined by the Disability Discrimination Act 1995 (DDA): 'A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities.'

The definition of disability under the law is a wide one. The definition includes people with a hearing or visual impairment, cerebral palsy, muscular dystrophy, mental health issues and incontinence. People with ADHD, Autistic Spectrum Disorder, Downs Syndrome and Hydrocephalus are included. Medical conditions such as cystic fibrosis, severe asthma, diabetes, cancer, multiple sclerosis, epilepsy, sickle cell anaemia and HIV are deemed disabilities. Facial disfigurement, severe dyslexia, gross obesity and diagnosed eating disorders are all included.

The purpose and direction of the school's plan: vision and values

At Handale Primary School we are committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievements, attitudes and well-being of all our children matter. Handale Primary School promotes the individuality of all our children, irrespective of ethnicity, attainment, age, disability, gender or background.

Our school aims to be an inclusive and kind school. We actively seek to remove the barriers to learning and participation that can hinder or exclude individual pupils, or groups of pupils. Pupils with disabilities are fully included in the life of the school. They participate fully in the curriculum, and are fully involved in school visits. They access all areas of the school building, as the building is newly refurbished and fully complies with all Disability Discrimination Act Regulations. As such, we are proud to have a building which includes:

- A dedicated hygiene room – with shower
- A lift, to ensure that all children can access all parts of the school

- Wide doors – externally and internally, so that children and adults using wheelchairs do not require special routes around the school – and children can access every room in the building that they need to
- An evac-chair – in order to support the evacuation of those who are immobile and cannot use the lift in an emergency situation
- A medical room, where children and adults can administer medicines privately and comfortably
- 3 accessible toilet areas – two on the ground floor and one on top floor
- Wide footpaths round the school building – ensuring that wheelchair users do not feel uncomfortable travelling along narrow paths with pedestrians
- Dedicated disabled car parking spaces

They are able to, and are encouraged to attend a range of after school clubs and represent the school equally as much as their able-bodied peers.

Information from pupil data

In order to prepare for pupils' needs we use a variety of sources to gather information about pupils, prior to their starting our school, whether they start in Nursery or join us later in their school life. We meet with parents, either in school or in the home, as well as liaising with other schools / settings, and with other professionals.

We currently have children with the following:

Views of those consulted during the development of the plan

We will consult annually with pupils, parents and staff on whole school issues. This will form part of the pupil and parental questionnaires.

We meet parents formally each term to discuss the progress of children academically and socially.

Annually, we meet parents of children with Care Plans to review the Care Plan and the associated support. We review and refine our practice accordingly.

We will consult with experts when new situations regarding pupils with disabilities are experienced.

This policy is monitored by the governing body and will be reviewed every year for 4 years, or before if necessary. It will be re-written at least every 4 years.

Date of Implementation: September 2019 (Review December 2019, December 2020, Dec 21, Nov 22, updated and reviewed 2023, reviewed and updated October 2024), reviewed and updated 2025

Review Date: Autumn 2026
